Read the following papers:-

Letter from I.M.Fraser Esquire, I.C.S., Collector of Bellary, A-2-No.3327/42 dated the 26th November 1942.

The Mother Superior for the time being of the Good Shepherd Convent, situated in the Bellary Town has applied for the alienation of a plot of land adjoining the convent and comprising S.No.638-A of Bellary Town. The convent is managed by the congregation of the sisters of the Good Shepherd, Bellary Society, which is registered under the Indian Societies Registration Act XXI of 1860. The applicant is the superior of the Society. Its Indian Head-quarters is Bangalore, while Head-quarters in Europe is at Angers in France.

The applicant has agreed to the general and special conditions of alienation. She intends to use the plot for (a) the possible extension of the buildings of the Saint Mary's Orphanage for Indian Children with a play ground for it (b) a playground for Saint Antony's School, and (c) for a mortuary.

The plot of land required by the applicant has been subdivided as T.S.No.46/2 and measures 2 acres and 17 cents with a nominal annual groundrent of Rs.13-9-0. The land adjoins the convent grounds and is suitable for the proposed extension. The land is valued @ Rs.21-11-0. There are no trees, wells or other appurtenance on the land. The land is not vested in any local body. A notice inviting objections to the alienation was published in the village but no objections were received. The Bellary Municipality has no objection to the alienation.

I therefore recommend the alienation of the land free of ground-rent as the alienee is not likely to derive any income from the land. The following records are enclosed.

1. A copy of the list of conditions of alienation agreed to by the applicant.
2. Proposals in the prescribed form.
3. Sub-division records and topographical sketch.

Letter from I.M.Fraser Esquire, I.C.S., Collector of Bellary, No. R.O.C.3327/43-A.2 dated the 20th October 1943.

Refce.- Board's Refce.No.n-2962/42-1(S) dated 10th December 1942.

The mortuary included in the proposals is intended as a place of burial for the sisters of the Good Shepherd Convent. The Roman Catholic Cemetery hitherto used by the convent is three miles away. The construction of a mortuary on the site proposed to be alienated will facilitate a respectable burial and proper safeguarding of the graves. The mortuary will consist of enclosed vaults with some halting place.

2. The Mother Superior has consented to abide by the two special conditions for a mortuary enumerated in the appended list and the general condition specified in the Board's Reference cited above.

3. The Director of Public Instructions, Madras, has stated that there is no objection to the alienation. There is no objection to the alienation from the communal and traffic points of view.

Letter from I.M.Fraser Esquire, I.C.S., Collector of Bellary, R.O.C. No.3327/42-n.1 dated the 28th February 1944.

Refce.No.n/e-2962/43.2 dated the 9th November 1943 from the Board of Revenue, Madras.

The Municipal Council, Bellary, has recommended the alie-nation and has consented to the use of a portion of the site as a mortuary. It has no objection to the alienation from the traffic point of view. The Convent authorities have applied to the Munici-pality for a licence under Section 279(1) of the District Munici-palities Act.

A lay-out sketch showing the proposed mortuary, playground and extension of the school is enclosed. The Convent authorities have not yet drawn up plans for the school building and so the -- buildings has been only roughly indicated in the sketch.

(7) The Government may resume the land wholly or in part with any buildings thereon, in the event of the infringement of any of the conditions of the grant. In the event of such resumption no compensation shall be payable for any improvements that may have been effected or other works that may have been executed on the land by the grantee and the grantee shall not be entitled to the repayment of any amount that may have been paid to the Government for the grant. If there are buildings on the land, the Government may direct the grantee to remove them and if the grantee refuses to remove them when so directed the Government or any officer empowered by them in this behalf shall have power to remove the buildings and realise the cost of such removal by the sale of the materials.

(8) The Government may resume the land wholly or in part with any buildings thereon if in the opinion of the Government the land is required for a public purpose, or for conducting mining operations. In the event of such resumption or in the event of the acquisition of theland for any reasons, the compensation payable for the land and trees shall in no case exceed the amount paid for them by the grantee or their value at the time of resumption or acquisition whichever may be less and the compensation payable for buildings or other improvements shall in no case exceed the amount paid for them by the grantee at the time of alienation or their value at the time of resumption or acquisition, whichever may be less together with the initial cost or the value at the time of resumption or acquisition, whichever may be less, of any buildings erected or other improvements effected on the land by the grantee in accordance with the terms of the grant. The amount of any grant made by the Government towards the cost of the buildings or other improvements shall be deducted from the compensation payable under this condition. But in no circumstances shall any compensation be paid by the Government in respect of buildings constructed in contravention of conditions (3&4).

(9) In the event of the voluntary relinquishment of the land by the grantee no compensation shall be payable for any improvements that may have been effected or for works that mayhave been executed on theland by the grantee but the grantee shall be entitled to the repayment of any amount that may have been paid to the Government for the grant or the value of the land at the time of relinquishment whichever may be less.

(10) Full land revenue shall be levied if at any time any net income is derived from the land or if any of the conditions of the alienation are infringed. In the latter case, the land revenue shall be levied from the date of the infringmmant. The decision of the Collector on the question whether a net income is derived from the land or not shall be final.

(11) The Government reserve to themselves the right to all sandalwood trees and their branches and roots which exist at the time of alienation as well as those which may grow subse-

subsequently on the land and the Government shall be at liberty to cut or dig out any such trees or their roots and branches and remove them from the land and dispose of them at their pleasure. The alienee shall ~~xkx~~ not be entitled to cut or remove them or cause them to be cut or removed without the permission of the Collector of the district.

(12) The alienee shall take all reasonable measures to the satisfaction of the Collector of the district for the protection of the sandalwood trees from theft or damage and for the careful protection of the immature trees growing on the land.

(13) The alienee shall take steps to see that the marks made by the officers of the Government on the sandalwood trees are preserved and are not tampered with; and

(14) In the event of the infringement of, or failure to observe any of the conditions (11) to (13) the alienee shall pay to the Government such ~~xxxxx~~ compensation as is determined by the Collector of the district for any loss or damage caused by such infringement or failure on his part. The Government shall also be at liberty to resume the land and re-enter on it and the whole land shall thereupon vest absolutely in the Government. In that case the alienee shall not be entitled to any compensation whatever.

burial grounds & it is good and possible
to insist on any such conditions as
these ones. I don't think it need be,
insisted on here. Condition (5) may be omitted & Condition (6)
moved as "No tree in any burial ground shall be cut....."
